

What is Camp Talk A'Lot?

Camp Talk A'Lot is a group language therapy program for children ages 3 to 5 years. The program uses fun thematic units, week by week, to provide opportunities to increase language skills, as well as practice social communication with peers.

Campers will have individualized goals, which will be targeted within the context of exciting preschool activities such as arts and crafts, games, motor activities, drama, songs and more. The environment allows for facilitation of skills in a highly supportive, naturalistic environment, where the support and cues can fade over time as the child becomes more independent.

Camp Talk A'Lot is conducted by a licensed speech-language pathologist with the support of student clinicians.

Evaluation Requirement:

An intake assessment is required for all new patients. The cost of the intake is \$50 and is not insurance eligible. To schedule an assessment, please call the Richardson location at 972.883.3630.
