What is Camp CHAT?
Camp CHAT is a weekend retreat for teens with hearing loss and their families. Campers will engage in communication activities using the latest digital wireless microphones and technology. Depending on the camp location, campers will also have the opportunity to participate in traditional camp activities such as a challenge course, trail biking, swimming, ziplining, fishing, hammock relaxing and campfire excitement. Camp is conducted by a licensed audiologist with the support of graduate student clinicians.

Teens: Teens just like you who want to have a fun day meeting new friends and a fun opportunity to try wireless technology!

Siblings: Brothers and sisters ages 6+ will have just as much fun with their own special activities.

Parents: You will be amazed at what your child can do! At least one parent must attend.

Coaches: UT Dallas audiology graduate students will host a high-energy weekend of fun and will guide and facilitate discussions.
