Summer Language Camp

What is Summer Language Camp?

Summer Language Camp is a 6-week language therapy program for children with language and learning disorders. This camp will focus on reading and listening comprehension, vocabulary development and narrative language development. It is best if campers are fluent readers in order to participate in activities.

Our goal is to provide a fun learning environment to build children's language skills. Activities will center around a chapter book and focus on teaching language strategies to improve academic success.

The camp is staffed by UT Dallas graduate students under the supervision of a licensed speech-language pathologist.
